

ZENITH

HIGH PERFORMANCE 2.5"SSD

GeIL Zenith Z3 provides optimized performance than traditional hard drive in a 2.5" form factor SSD, utilizing SATA III interface with backwards compatibility. Meet the demands of daily tasks with read/write speed up to 520/470MB/s¹. Support 3D NAND Flash and ECC function to enhance reliability of data storage and files transfer.

Optimized performance

Deliver smooth workflow with read/write speeds up to 520/470MB/s¹

Ideal upgrade for daily usage

Cost-effective choice to boost your PC with fast start-up, loading and word processing

Enhanced reliability

Support LDPC ECC (Low Density Parity Check Code) to store and transfer files securely
